Duration : about 30 minutes walking

Warning : some stairs, narrow and steep path

During the walk, you will get a lovely view over the city and you will discover a pleasant green area : Parc de la Gorande

Have a nice walk !

1) Facing the church, go round the church by the left side, then turn right into a small street called "la Trudale"

2) Go straight on to the stairs

Go up the stairs and then go up the narrow ones in front of you

3) Take the path : here you are on the bulwarks of the old fortified city

Follow the path until the end (be careful going down the slope !)

4) Turn left into the street «la Galmandrie »

5) Turn right into the street «Moulin Neuf », go straight on until the entrance of the park on the right side

6) Here you are in the park named « Parc de la Gorande », take time to discover it

7) Cross the wooden bridge which is next to the playground

8) * Turn right following the river « L'Auxance » (on the other side of the river, you'll see a small wildlife park)

Go straight on until you reach the hotel "Le Cheval Blanc"

9) Turn right, go to the city gate (from the 15th century) : you are back to the church place

* Variation (dotted line) : Cross over the 2nd bridge, go up the stairs, you are at the foot of the water tower, then turn right

Go straight on, on the left side you'll see « le château de la Grand'Maison », which used to be a king's hunting lodge during the French Renaissance (registered as historic monument in 1928)

At the end of the street, turn right to go back to the city centre
